

*We recognise that the conditions we live under, and the way we interact with them, are a constant social battle. Dignity striving against submission, autonomy striving against false dependence, individuality striving against conformity, interconnection striving against isolation, vitality striving against toxins, wildness striving against all control. This conflict has been fought hard over many centuries by conscious freedom-lovers everywhere against the police, bosses and social norms of the times; and so the inevitable rebellion doesn't come out of nowhere, it is part of a war that has been declared against us before our births... and before which we do not intend to remain passive.*
